

**Dear Valued Customers,**

At HE Tubing Netherlands, we are dedicated to maintaining sustainable and environmentally responsible practices. We understand the importance of addressing environmental concerns, and we would like to inform you that we are open to hearing all your environmental inquiries.

This initiative is part of our corporate values, which prioritize transparency and respect for our customers and the environment. It also aligns with the environmental care requirements outlined in the IATF 16949:2016 and ISO 9001:2015 standards.

Furthermore, we want to share that we are actively working on improved methods to calculate and reduce our carbon footprint, ensuring our operations are increasingly responsible and aligned with best practices in environmental stewardship.

We invite you to communicate your environmental concerns through the following channels:

Email: [maria.cuervo@hetubing.com](mailto:maria.cuervo@hetubing.com)

Website: <https://www.hetubing.com/contact-he-tubing/>

We appreciate your engagement and look forward to your inquiries, which are essential in helping us enhance our practices and ensure that our operations are more sustainable and environmentally friendly.

Sincerely,

Martijn Lagerweij  
Managing Director  
HE Tubing Netherlands B.V.

Maria Cuervo  
Quality Manager  
HE Tubing Netherlands B.V.
